SAVE OUR STATE PARKS

# SUPPORT THE CA STATE PARK ACCESS PASS

We, the undersigned, strongly support efforts to keep our state park system open and available – for now and forever. The California State Park Access Pass provides much-needed funding for the state park system, by instituting a $15 surcharge on vehicle registrations while offering Californians free day-use access to their state parks. The SPAP also allows California to keep open a resource that provides enormous financial benefit to the state. At a time when the state desperately needs to generate revenues for many other critical state services, it makes sense to keep state parks open and available for the public. Paying $15 annually for virtually unlimited access to the state park system is a bargain for Californians. This is a solution that is long overdue.

**By signing this petition, we urge the Legislature and Governor to enact the State Park Access Pass and SAVE OUR STATE PARKS!**
